Emergency Announcements

NUS-ISS's current public announcement system is a two staged approach. You will hear two messages upon the trigger of the fire alarm.

First Announcement - Fire Alarm Activation

The fire alarm has been activated in the building. We are investigating the situation. Please remain calm and standby for further instruction.

Second Announcement - False Alarm Situation

We have investigated the situation and found it to be a false alarm. We regret for any inconvenience caused.

Second Announcement - Evacuation

There is an emergency situation in the building. Please evacuate by the nearest exit staircase. Obey all instructions given by the Fire Wardens.

Please do not use lifts.
